A Hilarious Look At Rice Paddy Warfare As Only The Marines See It!

Meet Lieutenant McCorkle, who wants to be a hero, but doesn't know how; Master Sergeant Quillan, who practices voodoo and can allegedly make booze out of rocks; the enlisted pilot who lands in parking lots; the teenage draft dodger posing as a foreign correspondent. There's also Colonel Barrymore, designated an enemy ace after crashing five Marine planes...and a lot more unforgettable characters drawn from life. The author covers the humor of war in a manner not recorded by historians.
